

## **Pico soldering iron WXPP MS 40 W, 12 V (hand piece without tips) for Active-Tip Heating Technology**

Item No: T0052922899

Pico soldering iron WXPP MS 40 W, 12 V (hand piece without tips) for Active-Tip Heating Technology

### **KEY FEATURES**

- + Intelligent Pico soldering iron 40 W, 12 V
- + Military Standard (MIL-SPEC)
- + For very small components
- + For miniature works under a microscope
- + For WX station
- + Parameter memory such as standby temperatures, automatic switch-off time
- + Reduces total costs of ownership due to motion sensor
- + RTP MS solder tips can be changed quickly and easily
- + Active Tip (Cartridge)-System allows exchange of soldering tip despite a hot soldering iron

TECHNICAL DATA

|                                                 |                                     |
|-------------------------------------------------|-------------------------------------|
| Approximate Heating Time (50–350 °C/120–660 °F) | 3 sec                               |
| ESD Safe                                        | Yes                                 |
| Power                                           | 40 W                                |
| Supply Unit                                     | WX 1 WX 2 WXA 2 WXD 2 WXR 3 WXsmart |
| Temperature Range (Depends on Tool)             | 93 - 454°C                          |
| Tip Range                                       | RTP MS                              |
| Tip Type                                        | RTP-MS WX                           |
| Traceability                                    | Yes                                 |
| UPC                                             | 037103333025                        |
| Voltage                                         | 12 V                                |
